EXPERIENCE

Digimax IT Solutions

Aug 2023 – Present

Software Engineer

Quezon City

- Design, develop, and deploy accounting, HRIS, payroll, POS, invoicing, and reporting systems using Laravel, Livewire, Vue.js, MySQL, and Microsoft SQL Server.
- Implement business-critical modules including attendance processing, payroll computation, loans and deductions, payment processing, journal entries, audit trails, and financial reports based on client-specific workflows.
- Build secure REST API and SFTP integrations, coordinating with external development teams on authentication, request and response models, validation, error handling, integration testing, and technical documentation.
- Manage application deployment and production infrastructure, including Ubuntu administration, Apache/Nginx configuration, DNS, SSL certificates, databases, background jobs, transactional email, GitHub workflows, troubleshooting, and ongoing support.

St. Vincent College of Cabuyao

Aug 2022 - Aug 2023

IT Staff

Cabuyao, Laguna

- Supported users, computers, software, networks, and administrative systems while helping maintain reliable day-to-day campus IT operations.
- Assisted with system setup, troubleshooting, data handling, documentation, and general technical support.

St. Vincent College of Cabuyao

Sep 2021 - Nov 2021

Intern

Cabuyao, Laguna

- Collaborated with a team to develop and maintain websites using HTML, CSS, JavaScript, and PHP.
- Gained hands-on experience in web development practices, including version control and testing.
